

**Spring has Sprung on Martha's Vineyard!
Things are really starting to take shape
at Child's Farm...**

Even after the really cold weather we've had this past week, we're beginning to see glimpses of spring here at Child's Farm! We started the build of the Hub House in January and it is coming along very nicely. The first floor is almost completely framed up and the second floor should be up by the end of March. We will be fully framed by the end of April. It's so exciting to see the actual structure go up before our eyes!

Also on the construction front, the barn is arriving in early May and will go up during the course of a few weeks in May and June. Please feel free to call Kate and schedule a site visit.

If you see our Barn donation boxes around town, throw a few bucks in for the project please! Help us make our dreams a reality!

We still need help funding the Barn assembly portion of our project. Kate, Mark, Connor, Dan and everyone involved with the Island Autism Group thank you for your support!

While the construction goes on above, there is plenty going on in the farm pasture down below. We are tilling up the fields with the help from Rusty from Ghost Island Farm in order to prep for our **planting volunteer day with Union Studio on the 19th of May**. Indoors we are growing little plants with the help of the Daybreak program and they are planning to come and volunteer this summer.

As always, reach out to us if you have any questions. Summer camp sign-up coming soon....

We can't wait to show you all the progress!
Email [Kate](#) to schedule a visit!

**GOT EGGS?
WE DO!**

We have 30 more chickens coming in May to join the girls who have laid like champs all through the winter. Eggs from our chickens are currently available at Ghost Island Farm while supplies last!

Keep an eye out for us this summer at the Farmer's Market and at our Farmstand off of Lambert's Cove Road in West Tisbury.

The Farmstand will open starting Memorial Day weekend with eggs, flowers, and veggies for sale as the season goes on. We will be at the Farmer's Market twice a week. Hope to see you there!

IAG MASTER PLAN AT CHILD FARM
OVERALL PROPOSED SITE PLAN - PHASING
NOVEMBER 29, 2021
SCALE 1"=40'-0"

There are so many great conversations going on around programming, building and community. We would love to have you join us as volunteers, on committees and even as a board member! Please contact us if you are interested in joining the team! It's gonna be a great year and we are off to a great start!

From everyone at Island Autism
