

Dear Families, Friends, and Supporters,

As we embrace the season of giving, we want to take a moment to express our heartfelt thanks for your ongoing support of Island Autism. Your generosity is the foundation of our growth and the reason we are able to continue providing life-changing programs for individuals with autism. We've been busy working on exciting new initiatives, and we have a few updates and reminders to share with you.

A Gentle Reminder: Multi-Year Pledge Contributions

We would like to gently remind those who have committed to a multi-year pledge to kindly send in your next installment. Your pledge is vital to helping us plan for the future and continue developing meaningful programs like our new Day Programming and residential housing.

If you're considering upgrading from an annual pledge to a multi-year commitment (3-5 years), now is a great time to make the transition. A multi-year pledge allows us to plan with greater stability and ensure the continued success of the services we offer to the community. Every contribution, whether large or small, makes a difference, and we are incredibly grateful for the support you have already provided.

Why Upgrade to a Multi-Year Pledge?

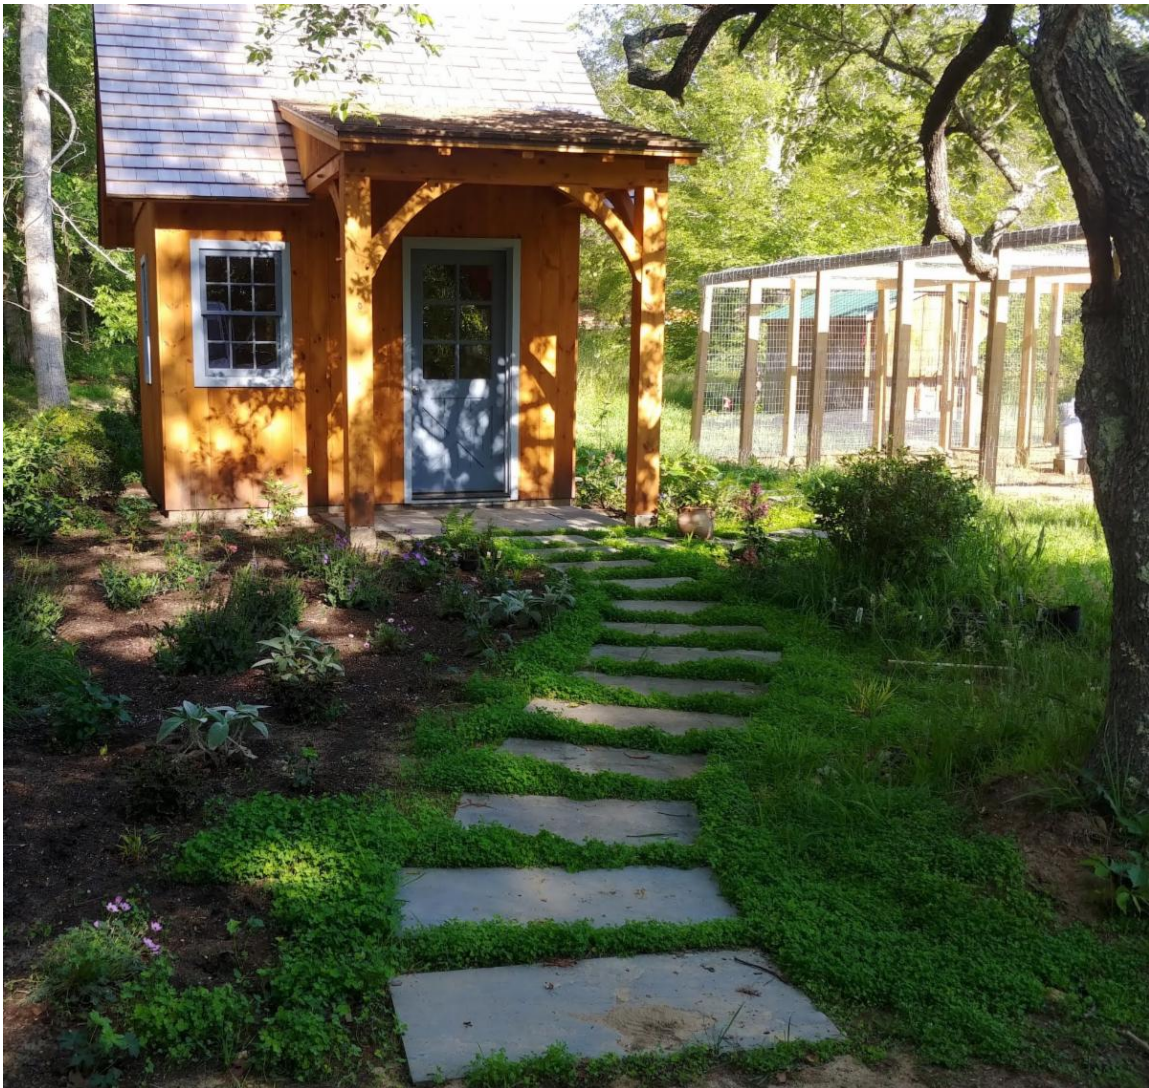

- **Helps Us Plan for the Future:** Longer-term commitments allow us to better forecast needs and resources for upcoming projects, like our residential building and expansion of programs.
- **Sustains Growth:** With your support, we can continue building lasting change and creating opportunities for individuals with autism to live fulfilling lives.

If you have any questions about your pledge or would like to discuss upgrading to a multi-year commitment, please don't hesitate to reach out. We truly appreciate all of the help the larger community has provided us thus far, and your continued support is invaluable.

How Far We Have Come!

We are working with Windy Films to produce a short film to introduce the Hub House and share our progress with you. We expect to be able to share the film with you very soon. In the meantime, **watch the first film** they made for us seven years ago to see how far we have come.

Warm regards,
